

# Australian Motorhoming Lions Club

*President Lion Len Waddington  
And Lion Lorraine Waddington*

## WELCOME!

As the current President and a Founding Member of the AMLC I would like to thank you for taking the time to enquire about the fund raiser we have planned for the Barcaldine Region on the 25<sup>th</sup> and 26<sup>th</sup> May 2019.

This will be a fun event for all and it is the goal of the AMLC with the help of all fellow travellers not to just beat it but to smash the current world record, and with your support we will do it.

Our goal is to raise as much money as we can to assist as many local charities and the community by spending some time in the region before and after.

I trust that you will take part in this historic event as it is not every day you can participate in a world record attempt, let alone two of them as we have planned.

### 1. The Largest Parade of Camping Vehicles (RVs).

### 2. The Longest Connected Image made of LED Rope Lights.

We the members of the AMLC are very excited and are looking forward to the challenge for the records but more importantly to ensure that those that do participate have a great time.

So please tell all your friends, family and strangers to put these dates in their calendars and come along and have some fun whilst you take part.

I and all the members invite you to come and share in this experience and we look forward to meeting you all.

**Most importantly please travel safe!!!!!!**
